Dear friends and colleagues,

Another year has come full circle, bringing us together once more for what has become one of the most anticipated events in our professional calendar. Each passing year reminds us not only of the rapid pace of change in our world but also of our collective resilience and unwavering commitment to excellence in ophthalmic care.

It is with great pleasure that we welcome you to this year's meeting — an occasion to reconnect, exchange ideas, and immerse ourselves in the latest developments across our specialty. The breadth and depth of our sessions reflect the evolving landscape of ophthalmology, ensuring that every participant will find inspiration, challenge, and insight.

This gathering continues to thrive thanks to the enthusiasm and engagement of our community. Hearing from colleagues who value this meeting as a highlight of their professional journey fills us with pride and renewed purpose. It reminds us that learning, collaboration, and friendship remain at the heart of what we do.

We extend our sincere appreciation to all who make this event possible — from our distinguished speakers sharing their expertise, to every participant who contributes through thoughtful discussion and open exchange. Your presence and passion are what give this meeting its enduring energy. As we embark on another weekend of learning and camaraderie, we look forward to meaningful conversations, fresh perspectives, and an enjoyable time together.

Thank you for being part of this community, and we wish you an inspiring and memorable meeting.

Warm regards,

Theo Potamitis
Pantheo Director

PANTHEO FOUNDATION KEYNOTE LECTURE

Guest Speaker: Mr Michael Burdon FRCOphth (Hon), FRCP (Edin)
 Consultant Ophthalmologist, Neuro ophthalmologist, County Durham, UK

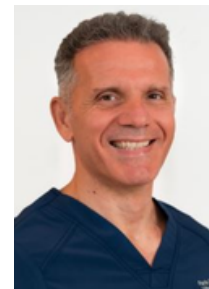

In 1997 Michael was appointed as the first Consultant Ophthalmologist with a sub-specialty interest in neuro-ophthalmology in Birmingham, England. He established a department that grew rapidly to become an internationally recognised centre of excellence, providing high quality clinical care, Fellowship training, and clinical research.

Michael has a particular interest in education, organising meetings and speaking at numerous meetings in the United Kingdom and abroad. In particular, working closely with the International Centre for Eye Health, he has made considerable contributions to the development of ophthalmology in sub-Saharan Africa.

Michael has also made significant contributions to the wider national health service, in roles including President of the Royal College of Ophthalmologists and Chair of the National Centre for Health and Clinical Excellence Cataract and Diabetic Retinopathy Guideline Development Committees. He currently chairs the Royal College's workforce committee, aiming to ensure equal and rapid access to high quality ophthalmology care throughout the United Kingdom.
